INTRODUCTION

MAKING YOUR HOME *ENERGY-EFFICIENT* NOT ONLY HELPS THE ENVIRONMENT BUT ALSO REDUCES UTILITY BILLS. HERE ARE FIVE WAYS TO MAKE YOUR HOME MORE ENERGY-EFFICIENT:

UPGRADE TO ENERGY-EFFICIENT APPLIANCES:

- **REPLACE OLD APPLIANCES, SUCH AS REFRIGERATORS, WASHING MACHINES, AND DISHWASHERS, WITH ENERGY STAR-RATED MODELS.**
- **THESE APPLIANCES ARE DESIGNED TO USE LESS ENERGY, SAVING YOU MONEY IN THE LONG RUN.**

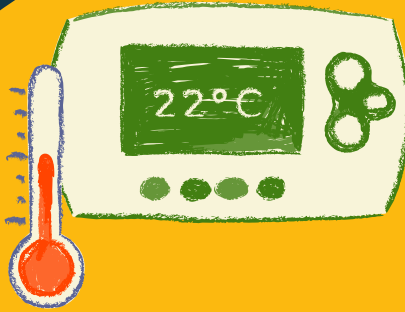

IMPROVE INSULATION AND SEAL LEAKS:

- **PROPER INSULATION IS CRUCIAL FOR MAINTAINING A COMFORTABLE TEMPERATURE IN YOUR HOME.**
- **MAKE SURE YOUR WALLS, ATTIC, AND FLOORS ARE WELL-INSULATED TO PREVENT HEAT LOSS OR GAIN. ADDITIONALLY.**
- **SEAL ANY GAPS, CRACKS, OR LEAKS IN DOORS, WINDOWS, AND AROUND PIPES TO PREVENT DRAFTS.**

INSTALL PROGRAMMABLE THERMOSTATS:

- **PROGRAMMABLE THERMOSTATS ALLOW YOU TO SET DIFFERENT TEMPERATURES FOR DIFFERENT TIMES OF THE DAY.**
- **THIS HELPS YOU OPTIMIZE HEATING AND COOLING SYSTEMS BASED ON YOUR SCHEDULE, REDUCING ENERGY CONSUMPTION WHEN YOU'RE NOT AT HOME OR WHEN YOU'RE SLEEPING.**

USE ENERGY-EFFICIENT LIGHTING:

- **REPLACE TRADITIONAL INCANDESCENT BULBS WITH ENERGY-EFFICIENT LED OR CFL BULBS. THESE OPTIONS LAST LONGER AND USE SIGNIFICANTLY LESS ENERGY, CONTRIBUTING TO LOWER ELECTRICITY BILLS.**
- **CONSIDER INSTALLING MOTION SENSORS OR TIMERS FOR OUTDOOR LIGHTING TO ENSURE THEY ARE ONLY IN USE WHEN NEEDED.**

UPGRADE WINDOWS AND DOORS:

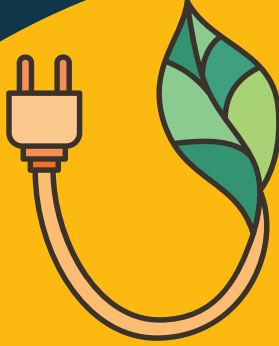

- **ENERGY-EFFICIENT WINDOWS AND DOORS WITH PROPER INSULATION CAN PREVENT HEAT TRANSFER, REDUCING THE NEED FOR HEATING OR COOLING. LOOK FOR WINDOWS WITH LOW-EMISSION (LOW-E) COATINGS AND DOUBLE OR TRIPLE GLAZING. ENSURE THAT DOORS HAVE WEATHER STRIPPING TO PREVENT DRAFTS.**

BONUS TIP:

RENEWABLE ENERGY SOURCES:

- **IF FEASIBLE, INVEST IN RENEWABLE ENERGY SOURCES SUCH AS SOLAR PANELS OR WIND TURBINES. THESE CAN SIGNIFICANTLY REDUCE YOUR RELIANCE ON CONVENTIONAL ENERGY SOURCES AND, IN SOME CASES, ALLOW YOU TO GENERATE EXCESS ENERGY TO SELL BACK TO THE GRID.**
- **IMPLEMENTING THESE ENERGY-EFFICIENT MEASURES CAN MAKE YOUR HOME MORE ENVIRONMENTALLY FRIENDLY AND SAVE YOU MONEY ON UTILITY BILLS OVER TIME.**
